The Carson Handicap race will come off today, a mile and a quarter race for \$7.00. Del Mar and Nevada will positively run. There will be a base ball game at the track today between the Carson and Comstock clubs for \$150 a side. Carson is a slight favorite in the pools. The Reno merchants have decided to close their houses and will be up here in full force today with all their relatives. Carson merchants will also close up and there will be a general holiday. About \$8,000 has gone into the pool box to date.

SUNSHINE AND SNOW.

MIXED WEATHER AT THE TRACK BUT A LARGE ATTENDANCE.

More Information Pertaining to the Pavilion Exhibits.

Yesterday was another raw day at the track than any of the preceding ones. The clouds drifted away at intervals in the afternoon and the sun came out, making everybody better natured.

"Right this way, right heah, boys, tumble up lively," cried the negro at the Paris mutuels; "Anteo win that last heat very easy, good bets if y-a call 'em right."

The smooth voices of the pool sellers had an effect even on the ladies who crowded the Grand Stand, and many a fair one leaned over to drop a gold piece into the poolman's hand and get a ticket.

Of course the unfinished race was the cause of the excitement, and the field against Box was the way the pools went, but Box was

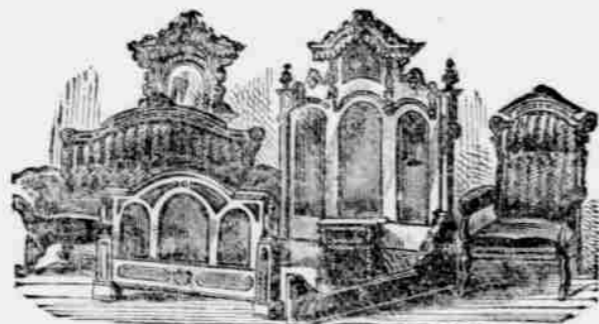

Woodie took two straight heats though in the second Esmeralda almost collared her at the quarter stretch. It was too dark to finish and the race was postponed.

ESMERALDA ON WHEELS.

It is safe to say that Esmeralda has taken more pains with her exhibit at our District Fair than any of the counties in the District. There is a move on foot to include her hereafter in District No. 1.

The APPEAL is glad of an opportunity to give an extracted account of Esmeralda and her leading exhibits.

On Saturday a number of citizens conceived the idea of sending an exhibit of Esmeralda county productions to the Ormsby Fair. The mineral exhibit is without

not at the wire at the finish; Anteo was, however, and then the field struggled with Anteo for two more heats.

The game nag was in the lead every time and took purse and race in three straight heats, in spite of the knowing ones who new positively that it was fixed.

The heats were in 37, 37 and 39.

Esmeralda made a hard fight for the lead in all the heats and might have picked up the last one had the driver not held him back in scoring once too often. Then all hands rushed to the lunch which was very elaborate and fled themselves with boiled ham and chicken. The lunch was yesterday augmented by a quantity of provisos left over by the ball and those who got in received about a dollar's worth of grub for 50 cents.

A GIBRALTAIR COLT.

About 3 o'clock the sun's heat was declared off and the weather was threatening again. A flurry of snow flakes hit the track and several Reno sports went up town to get fur collars put on their linen dusters. The selling race was a mile dash for \$200 with Conny Scott, Wild Oats and Kilgarriff. There was a delay of half an hour because the owner of Conny Scott didn't have a jockey heavy enough to qualify and he had to scour the country for twenty pounds of lead. After they had loaded the kid with metal and also allowed six-ounce shoes to remain on the horse he won easily.

The 2:30 special trot for \$300 kept the pool sellers busy. Alpha, Our Jack, Nevada, Chloe and J. S. C. went to the post amid great excitement and everybody guessing to the extent of their means.

Chloe took the first, second and fourth heats, Nevada getting under the wire once and Our Jack shut out on the third. Time 2:35; 2:32, 2:30 and 2:31.

Of course then came a race that had to be finished today. The night always shuts down on the trotting race. Little Jim, Nellie Woodie, Esmeralda and Ladie Mack came to the scratch. Nellie

doubt the finest ever sent from any one county in the State. There are specimens of nearly pure gold, silver, copper and lead just taken from the ground that must attract the attention of mining men. There are samples from the Palmico which assay \$12,000 per ton; Lapanta, \$700; Mountain King, \$950 in gold, lead and copper; Confidence, \$1,100; a recent strike by George & Thorne, in Morse District, \$714; Burleigh in Gills District, \$1,000; Fairmont \$800. There are also rich specimens from the Central, Nevada, Early Dawn, War Eagle, Montreal, Toronto, West n, Woodchuck and many other claims. Those who saw it pronounce it the best in the State.

FRUIT AND VEGETABLES.

It is the popular belief abroad that Hawthorne is an arid sand heap, and that nothing except horned toads can exist thereabouts. The exhibit of fruit, nuts and vegetables of all kinds will dispel this idea. Summerfield sent in two bunches of Flaming Tokay grapes; one bunch weighed three pounds and the other nearly two pounds. The following persons contributed to the exhibit.

H. Jewett—peanuts on the vine and a large beet.

M. King—Muscat and Tokay Grapes.

A. W. Crocker—A basket of peaches, topped by one weighing 15 ounces; choice flavors.

P. M. Bowler—Lot of large peaches, grapes apples, flowers almond nut on the twig.

J. H. McBride—A Thirty pound watermelon and a large squash.

Mrs. R. J. Laws—Flowers and preserves.

Mrs. Crutcher—White cucumbers, sweet potatoes, English squash, peach tomatoes and choice flowers.

Mrs. L. Stoner—Apples, grapes, German prunes, banana melon and musk melon.

Mrs. Balzar—Grapes, pears and squash.

Mrs. A. T. Taylor—Pear tomatoes.

Mrs. G. White—Immense grapes and choice flowers.

F. Webber—Chile peppers.

A. Summerfield—Ground cherries.

Mrs. L. D. Noland—Pears.

The car containing these exhibits was ornamented on the outside with a streamer bearing the legend "Esmeralda on wheels."

OF INTEREST TO THE LADIES.

Among other exhibits Hume Yerington makes a large display of the Farham Patent stove drums. These drums save 50 per cent. of wood and heat in cold weather.

James McFarland exhibits a new style of quartz mill by which the down stroke is not the result of simple gravity but is augmented by a smart blow. It is small, cheap and effective and just the thing for Pine Nut.

J. A. Merrill is exhibiting White Sewing Machines and John Breunert furniture. Each visitor receives a free ticket to the drawing of some carriages and easy chairs.

The Riverside flower mills have a specially good exhibit of flour, grain and bread, all Nevada productions.

Vonderhyde & Woods make a very tasty exhibit of ginger ale and soda water of their own manufacture.

Frank Golden makes a fine display of silverware and jewelry and his corner is one of the most attractive in the hall.

Sam Jones sends some very fine onions raised from seeds sent by his brother, John P., from Washington. Our artist has deemed them worthy of reproduction.

SAM JONES' ONIONS.

It is impossible in one issue to give any idea of the large display of needlework, art, photography and China decorations up stairs. It is simply a wilderness of surprises and delights.

A SAD CASE.

Dan Lyons passed in Honolulu. Wednesday's Examiner contains the following:

A letter received from Honolulu today by R. J. Craighead, agent of the New Zealand Government, conveys the sad intelligence that Dan Lyons, well known in newspaper circles on the Coast, has been committed to the insane asylum at Honolulu. Lyons has for some years past been interested in the publication of a Hawaiian newspaper, O Hawaii, the 19th inst. he published a number of articles attacking prominent residents of Honolulu in an unwarranted manner, and that was the first intimation his friends had that his mind was unbalanced. Later he became violent and had to be confined. It is thought that domestic affliction turned Lyons' brain. A year ago he lost his wife and four children through diphtheria. He was at one time State Senator for Nevada, and has also been business manager of the Virginia Chronicle.

The above will be sad news to Dan's many friends in this State. He was a man honest to the bone and his nature was of that sensitive, nervous cast that the wounds of misfortune cut deep into and never healed.

Those who knew him well wondered that he ever survived the loss of his wife and children and they will not be surprised that the great strain bore him down and dethroned his reason.

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't it is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
